Enter subjects in order (1st, 2nd, 3rd etc.) on consecutive days.

Homework permitting, revise;

TWO subjects on a school day.

THREE subjects on a non-school day (weekends, school holidays and training days)

DON'T leave any gaps

Start at February 12th and continue all the way to May 14th.

Revision during exam period.

- **14th May to 15th June.**
- Using a different colour (pen) mark on all of your exams using a code, e.g. M=Maths, Mu = Music.
- Ensure you spend time **revising that subject the day before the exam.**
- At this point **leave the rest blank.** This will allow you to enter subjects in May based on how well your revision has been going and also when your exams are.

This is working document.

- It is in pencil to allow you to change it as you go.
- Personalise it. For example;
 - If History revision is going well but PE isn't, rub a History out and put a PE in it's place.
 - If Biology revision is going well but Physics isn't, rub a Biology out and put a Physics in it's place.

Please hand it in alphabetical order.
